

One of a Kind Pediatric Orthopedic Care

Each-year.

Thousands of children require specialized treatment for their injuries.

Since 1921 when the Shriners opened their first hospital to care for crippled children, we have been committed to helping children for a variety of illnesses. We have burn centers, treat children for spinal issues, cleft lip and pallet. We also offer prosthetics, care for spina bifida and corrective hand surgeries. If you know a child with a medical issue, please contact a Shriner for assistance.

There is never a charge for any medical care for services received at Shriners Hospitals, including out patient care, diagnostic services, surgery, medical care, casts, braces, x-rays, rehab programs and continuation of patient's education.
