

FREQUENTLY ASKED QUESTIONS FOR GROUP RESERVATIONS

RESERVED PARKING: In regards to registration, the reserved parking fee is included in your registration fee. The cost to register each vehicle is \$125.00. Every person in your group will need to submit the \$125.00 registration fee along with their completed application. Once the group of spaces have been reserved, you will receive an automatic system generated invoice – DO NOT PAY as every entrant will be paying their full registration fee at the time of application.

REGISTRATION: Any portion of the application that is incomplete, will cause the application to get rejected and mailed back to the entrant. Once the application is mailed back, it is up the entrant to send back a completed or corrected form by the deadline date. If the application is not received by the deadline date, the club is at risk of losing the parking space.

PACKET PICK UP: There will be no group pick up for the 2021 Midnight at the Oasis show. Every entrant will be required to pick up their own packet. Effective 2020, the confirmation postcard, valid ID and vehicle registration will be required for every packet pick up. If for some reason, an entrant is unable to pick up their packet, it may be issued to a 3rd party at the event organizer's discretion. Please note, if this is the case, the packet will be issued WITHOUT the vehicle parking pass. Once the vehicle parking pass is forfeited, the event organizers reserve every right to reuse, resell and reassign the forfeited parking space.

NOTE: Please remember that entries and parking spaces are NON TRANSFERABLE and CANNOT be sold to another individual from a liability standpoint. If you or your friend/club member cannot attend, they can request a refund on/or before February 1, 2021. All refund requests must be in writing and can be accepted via USPS, Fax and Email.

CLUB SPACES: We will try our best to accommodate the amount of spaces you need, however, spaces are not to be reserved for the sole purpose of having an empty space for chairs and/or pop up tents. Going forward, any entrant who doesn't show, sells, transfers, gives, donates etc. their parking space and/or vehicle entry to another individual WILL BE AT RISK for losing club spaces in the future. With that being said, each club will be allowed to pre-reserve a specific amount of spaces which has already been determined. This does not mean you will not be able to reserve additional spaces, this only means we are limiting the amount you can pre-reserve. Any additional spaces needed will need to be reserved on your own once the system goes live on June 1st. This can be done either by going online to our website at www.midnightattheoasis.net or by calling our office during business hours.

POP-UPS: Please remember any pop-ups, chairs and other personal gear should be confined to your space and should not extend into the driving lanes and public access areas. Space is limited. Should you decide to use a pop up during the event, please park your classic car closest to the striped lines in order to allow ample space for your pop-up. ALSO, desert winds can pick up unexpectedly during March, so all pop ups (and other gear) must be properly secured. You are responsible for any damage caused by pop ups and other gear that may be blown from your parking space.

**** NEW IN 2021 **:** Captain Midnight's choice was to allow a limited number of 1973-1987 American Made Square Body Pickup Trucks to be shown in the 2021 show. These vehicles will only be parked in Field X and are not to be included with your club parking reservation. These will all individual entries and will need to be submitted individually.
